

AOAC SEA's Training of Young Scientists Working Group

The objective of the Training of Young Scientists Working Group (ToYS WG) is to establish programs across Southeast Asia countries to develop, train, encourage, support, and recognize young scientists.

In 2022, we offered three Student Awards and one Student Travel Award to students engaged in the area of food safety and analytical science. The Call for Student Awards received 34 abstract submissions from 7 countries.

This year, we offer the student awards again to encourage and appreciate students' work in areas that align with our conference theme on *Facilitating Compliance for Food Safety and Quality in International Trade*.

4 programs of ToYS WG:

- Student Awards
- University Engagement
- Online Forum Discussion
- Trainings and Development

OVERVIEW

AOAC SEA Section is pleased to announce the student poster competition to be held during the **AOAC SEA 2nd Annual Conference (1-2 Aug 2023)** at the **Sheraton Saigon Hotel & Towers** in Ho Chi Minh City, Vietnam. We will support **12 Student Travel Awards** and **3 Best Poster Presentation Awards**.

AWARD HIGHLIGHTS

RESEARCH TOPICS

Works submitted should align with our conference theme on *Facilitating Compliance for Food Safety and Quality in International Trade*. Topics of the conference include various areas of food safety and analytical science such as adulteration, contamination, microbiology, ingredients, bioactive substances, genetic modification and alternative proteins. Studies with relations to toxicity on human health or environment, with implications on trade, are also welcome.

EXTENDED DEADLINE

11 June 2023

**2023 AOAC SEA
2nd Annual Conference**

Student Awards

Student Awards Program

We offer cash prizes, certificate and formal recognition on AOAC SEA Section Website to encourage and appreciate students' work that helps ensure the safety and integrity of food and other products that directly impact public health through excellence in analytical testing.

2023 STUDENT AWARDS

- Conference registration fee included
- Up to \$200 SGD travel award for top 12 abstracts
- \$500 SGD for top 3 poster presentations
- E-certificate from AOAC SEA Section
- Formal recognition on AOAC SEA Section Website

QUALIFICATIONS

Qualifications of the applicant:

- Applicant must be enrolled as a student (undergraduate or postgraduate or equivalent) at a tertiary education institution from Brunei, Cambodia, Indonesia, Laos, Malaysia, Myanmar, Philippines, Singapore, Timor-Leste, or Vietnam.
- Work submitted should be in the various areas of food analytical science such as food adulteration, contamination, microbiology, ingredients, bioactive substances, genetic modification and alternative proteins. Studies with relations to toxicity on human health or environment, with implications on trade, are also welcome.
- Priorities will be given to works that demonstrate clear links to *Facilitating Compliance for Food Safety and Quality in International Trade*.

TIMELINE

- NOW ● Application open
- 11 Jun ● **Application NEW deadline**
(Evaluation by Student Award Judging Committee)
